

LET ME TRY · FREE PRINTABLE

The Toddler Years Survival Card

Little reminders for the long days · All ages

Print this and stick it on the fridge. For the days when everything is a battle, and the days when it's all magic.

When it's hard, remember

- ○ Big feelings over small things are normal at this age.
- ○ Repetition is how toddlers learn. The 47th reading counts.
- ○ Saying 'no' is how they practise being their own person.
- ○ Following you everywhere means you are their safe place.
- ○ 'Why?' is a brain wiring itself. 'Let's find out' is a great answer.

Quick resets

- ○ Get outside, even for 10 minutes.
- ○ Lower your voice instead of raising it.
- ○ Sing the instruction instead of saying it.
- ○ Sit on the floor. Toddlers relax when you're at their level.
- ○ Lower the bar: fed, safe and loved is a good day.

For you

- ○ Drink water. Eat something.
- ○ Ask for help without apologising.
- ○ One deep breath before you respond.
- ○ You don't have to enjoy every moment to be a great parent.
