# Cutting Practice Sheets

*Step-by-step scissor skills · Ages 3–4*

Draw these lines on paper strips, or print and cut this page into strips. Move to the next level when your child is confident.

## Level 1: Snips

- ○ Paper strips about 2 cm wide
- ○ One snip = one piece
- ○ Collect pieces in a bowl for a collage

## Level 2: Straight lines

- ○ Thick lines across wider strips
- ○ Cut from edge to edge

## Level 3: Zig-zags and curves

- ○ Zig-zag lines
- ○ Gentle wavy lines
- ○ Large circles (cut roughly around them)

## Good grip

- ○ Thumb on top, fingers below
- ○ Elbow close to the body
- ○ Other hand holds and turns the paper

## Safety

Use rounded-tip scissors, always supervise, and teach 'scissors stay on the table'.
