Kitchen Jobs by Age

A fridge chart for ages 2–4

Choose one job per day. Show it slowly once, then let them try. Always supervise, and keep the stove, knives and hot pans out of reach.

Age 2

- ○ Tear coriander, methi or spinach leaves
- ○ Peel a banana or a boiled egg
- ○ Wash vegetables in a bowl of water
- ○ Stir cold batter
- ○ Carry unbreakable things to the table
- ○ Wipe the table with a damp cloth

Age 3

- ○ Spread butter or chutney with a butter knife
- ○ Cut soft foods (banana, boiled potato) with a crinkle cutter
- ○ Measure and pour dry ingredients
- ○ Roll small balls of dough
- ○ Set the table using a placemat outline

Age 4

- ○ Grate cheese or carrot (with a grater guard)
- ○ Squeeze lemons
- ○ Roll a small roti
- ○ Wash and dry steel plates
- ○ Make a simple snack: bhel, fruit chaat, sandwiches

Make it work

- ○ A sturdy step stool or learning tower at the counter
- ○ Child-sized tools: small bowl, wooden spoon, crinkle cutter
- ○ An apron and a cloth within reach
- ○ Plan extra time. Cooking with toddlers is slow, and that's the point.
